FROM THE  
CHIEF LIBRARIAN

**TREASURE OF KNOWLEDGE  
SITI HASMAH DIGITAL  
LIBRARY**

Happy New Year 2017! Last year, Multimedia University (MMU) celebrated his 20th anniversary (1996 – 2016). As one of the pioneer staff of MMU, I took great pride in its

rapid development since its establishment two decades ago. After 20 years of establishment, Siti Hasmah Digital Library (SHDL) has five libraries comprising two main libraries, Research Library, Law Library and Cinematic Arts Library in Johor Campus.

SHDL is a key academic partner in advancing MMU vision and goals to be a Top 100 University in Asia with global recognition by 2020. SHDL's mission is to provide a knowledge hub, with up to date and reliable scholarly information and services in supporting the instructional, research and development programme of the university.

The strength of the library is reflected in the

enormous collection of more than 2.7 million full-text online resources that can be accessed online, anywhere at anytime, especially via the library's single search platform, MULiA (Multimedia University Library Integrated Access). The printed resources only cover 10 % of the total collections that fit the digital library environment. Professional librarians and support staff are the key elements in ensuring high quality services are provided to the users.

This year we also announce our new logo under the HiVE (Hub for Innovation Ventures). A hub provides state-of-the-art technologies, networks, and experts to develop research and entrepreneurship skills for innovation and business venture. There will be three main sections in the HiVE which are the VIZLab (for research and innovation), the INNOLab (for entrepreneurship) and the Siti Hasmah Digital Library (the knowledge resource centre).

Your quarterly guide to news, services and programs at Siti Hasmah Digital Library.

### ***SHDL RESEARCH SUPPORT: 2016 WORKSHOP***

#### **Business/Management Cluster**

Emerald Workshop in collaboration with CeCORE [FOM] (20/10/2016)

In collaboration with Emerald Group Publishing & CeCORE (FOM), Siti Hasmah Digital Library has organized a workshop for authors entitled "Guide to Getting Published (GGP)" on 10th Oct 2016 (Monday), at Cyberjaya Campus. It was SHDL's third collaboration with Emerald to conduct such workshop for MMU community and The speaker for this workshop is Mr Elvin Cheah, who is a Business Manager at Emerald Publishing Group.

#### **Engineering Cluster**

Research Support Workshop in collaboration with CWT & CCSP [FOE] (23/11/2016)

Siti Hasmah Digital Library has conducted "Research Support Workshop" which is held on 23rd Nov 2016 (Wednesday) at FOE Cyberjaya Campus. The workshop, the first of its kind, was a collaborative effort between SHDL, CWT and CCSP of FOE. The objective of the workshop is to enlightens the participants on how they can kick start their research by using resources that offered by the library.

Siti Hasmah Digital Library would like to say thank you to all participants and committees who involved, to ensure the event was successful.

***SIG LAW MEETING “JAWATAN KUASA KHUSUS PERPUSTAKAAN  
UNDANG-UNDANG (JKKPUU)”***

Multimedia University has been selected to be the host of the Special Interest Group (SIG) Law Meeting, JKKPUU, 4/2016. The meeting was held on 27 December 2016, 9.30 am until 12.50 pm at Executive Meeting Room (EMR), 1st Floor, Administrative Building, Multimedia University Melaka Campus.

The meeting was attended by the Committee members from various institution which have law library. The Law Librarian that attend the meeting are from:

- \* Universiti Kebangsaan Malaysia (UKM)
- \* Universiti Malaya (UM)
- \* Universiti Islam Antarabangsa (UIA)
- \* Universiti Teknologi MARA (UiTM)
- \* Universiti Sains Islam Malaysia (USIM)
- \* Multimedia University (MMU)
- \* Parlimen
- \* Jabatan Peguam Negara

Pn. Anna Kustyana Mukandar, the chairperson for this SIG Group was confirmed the previous minutes of the meeting 3/2016, present the “Sanggar PPM 2017”, postmortem Brunei Trip 2016 and discuss group activity for 2017.

The next year planning that has been discuss are:

- Legal Core phase II that will focus on Journal (online and printed). Meeting for the continuation of legal core will be discuss during the Bil.1/2017 meeting on 19 January 2017 at UKM Library.
- “Bengkel Hakcipta” tentatively will be held on 27th April 2017.
- “Bengkel Kemahiran Maklumat Undang-Undang” tentatively will be held on 19th July 2017.

NEW BOOKS@SHDL

**Review:**

Through ongoing research into students' workflows and preferences, SELL5 from 4LTR Press combines an easy-reference, paperback textbook with Chapter Review Cards, and an innovative online experience – all at an affordable price. New for this edition, students explore SELL5 anywhere, anytime, and on most devices with SELL Online! With the intuitive StudyBits functionality, students study more effectively and can visually monitor their own progress.

Coupled with straightforward course management, assessment, and analytics for instructors, SELL5 with SELL Online engages students of all generations and learning styles, and integrates seamlessly into your Principles of Selling course. SELL5 features new box features throughout the text – “From the Classroom to the Field” and “Technology in Selling.

**Review:**

SOCIAL MEDIA MARKETING: A STRATEGIC APPROACH, 2E builds on the strength of the first edition, adding to the book's real-world focus with practical examples and case histories woven throughout the text. You'll find more explicit focus on the marketing use of popular social media platforms, including both those that are well established and those that are emerging. Conceptual frameworks and the explication of a social media marketing plan are illustrated using a strong example.

This edition's conceptual frameworks are strengthened with additional teaching concepts, and best practices are emphasized. The authors provide a variety of social media initiatives to help you keep up with the latest developments and enable you to weave current social media marketing campaigns and developments into your course. Prepare your students for today's ever-changing world of social media marketing with this winning book and package that are easy for you to modify for your needs.

#### **Review:**

Liquid crystal devices for photonics applications is a “hot topic” of research. This book provides engineers, physicists, and designers with the most up-to-date descriptions of the dielectric, optical, and viscoelastic properties of LCs; photonics applications; and the knowledge to design better performing liquid crystal photonic and display devices (LCD). The book gives the knowledge needed to optimize LC cell geometry, select proper display configurations, and develop photonics LC applications.

The book is intended for a wide range of engineers, scientists and managers, who are willing to understand the “hot” topics of LC applications in photonics and displays. Liquid crystal physical properties, geometry of liquid crystal cell and characteristics of electrooptical effects to choose and/or to develop liquid crystal photonics devices with optimal parameters are highlighted. Special attention was paid to photoalignment technology for LC photonics and emergent display devices.

#### **Review:**

The second edition of this popular text confirms the book’s status as an important forerunner in the field of visual methods. Combining the theoretical, practical and technical the authors discuss changing technologies, the role of the internet and the impact of social media. Presenting an interdisciplinary guide to visual methods they explore both the creation and interpretation of visual images and their use within different methodological approaches.

This clear, articulate book is full of practical tips on publishing and presenting the results of visual research and how to use film and photographic archives. This book will be an indispensable guide for anyone using or creating visual images in their research.

*-Sage Publishing-*

**NEW BOOKS@SHDL**

**Review:**

Design is everywhere: it influences how we live, what we wear, how we communicate, what we buy, and how we behave. In order for designers to design for the real world, defining strategies rather than just implementing them, they need to learn how to understand and solve complex, intricate and often unexpected problems. This book is a guide to this new creative process. With this book in hand, students of design will understand and apply the vocabulary and strategies of research methods, learn how to adapt themselves to unfamiliar situations, develop techniques for collaborating with non-designers, find and use facts from diverse sources in order to prove or disprove their ideas, make informed decisions in a systematic and insightful way, use research tools to find new and unexpected design solutions.

**Research for Designers** is an essential toolkit for a design education and a must-have for every design student who is getting ready to tackle their own research.

**Review:**

Nanobiomaterials in Antimicrobial Therapy presents novel antimicrobial approaches that enable nanotechnology to be used effectively in the treatment of infections. This field has gained a large amount of interest over the last decade, in response to the high resistance of pathogens to antibiotics.

This book will be of interest to postdoctoral researchers, professors and students engaged in the fields of materials science, biotechnology and applied chemistry. It will also be highly valuable to those working in industry, including pharmaceuticals and biotechnology companies, medical researchers, biomedical engineers and advanced clinicians.

### THE GRANDMASTER

**Synopsis:**

THE GRANDMASTER is the highly-anticipated new film by acclaimed director Wong Kar Wai. Six years in the planning and three years in the making, THE GRANDMASTER is an epic action feature inspired by the life and times of the legendary kungfu master, Ip Man.

The story spans the tumultuous Republican era that followed the fall of China's last dynasty, a time of chaos, division and war that was also the golden age of Chinese martial arts. Filmed in a range of stunning locations that include the snow-swept landscapes of Northeast China and the subtropical South, THE GRANDMASTER features virtuoso performances by some of the greatest stars of contemporary cinema.

### THE LOOK OF SILENCE

**Synopsis:**

THE LOOK OF SILENCE IS JOSHUA OPPENHEIMER'S POWERFUL COMPANION PIECE TO THE OSCAR-NOMINATED THE ACT OF KILLING.

Through Oppenheimer's footage of perpetrators of the 1965 Indonesian genocide, a family of survivors discovers how their son was murdered, as well as the identities of the killers.

The documentary focuses on the youngest son, an optometrist named Adi, who decides to break the suffocating spell of submission and terror by doing something unimaginable in a society where the murderers remain in power: he confronts the men who killed his brother and, while testing their eyesight, asks them to accept responsibility for their actions. This unprecedented film initiates and bears witness to the collapse of fifty years of silence.

### **How to use AV viewing room** *(For students and SHDL users)*

- User request to use single/group viewing room from the library counter along with item details (title, call number, barcode). Request are based on first come, first serve.

(Eg: [VT] PN1995.9.T75 D54 1993)

- User hands in ID card to staff at counter and fill-in the Single/Group Viewing Room form. User ID card is held in the counter, while user in the room.
- User waits inside the viewing room while staff collects AV item(s) from the AV room (Max. 3 items per user). Maximum usage period for viewing room is 2 hours for per user; renewal usage period must be done at counter by filling new form.
- Viewing room is for viewing of AV collections purpose ONLY.
- User needs to go to circulation counter with the borrowed AV collection(s) once finished to get back their ID card.
- User's ID card will be returned upon staff final checking.

### **How to borrow AV items** *(For MMU staff)*

- User requests for AV material from the counter with the item call number.
- User waits for staff to collect the item from the AV collection room. *(Refer library policy for staff's loan privilege).*
- Check-out item at counter using user's library account.

Any questions about media collection, please forward to **Mdm Norazilah Masro - [norazilah.masro@mmu.edu.my](mailto:norazilah.masro@mmu.edu.my) ext. 3628 (Melaka)** or **Mdm Noor Azimah Nawawi - [azimah.nawawi@mmu.edu.my](mailto:azimah.nawawi@mmu.edu.my) ext. 5872 (Cyberjaya)**.

MMU Digital Theses are the platform for the Siti Hasmah Digital Library to keep Multimedia University intellectual research made by the postgraduate students. The MMU Digital Theses also aim to maximize the visibility and the availability of the MMU's theses as well as provides opportunities for further research.

**Theses Collection for year 2016 (May – December) (last updated 30 December 2016) are:**

Adamu, M. B. (2015). *Digital watermarking for real-time hardware accelerated scalable video streaming*. (Master Thesis), Multimedia University (MMU), Malaysia.

**Keyword:** Digital watermarking

**Call number:** QA76.9.A25 A23 2015

Ahmed, A. S. F. (2015). *Strain-based tuning systems for fibre grating phase encoder*. (Master Thesis), Multimedia University (MMU), Malaysia.

**Keyword:** Diffraction gratings--Bragg gratings

**Call number:** QC417 A36 2015

Ahsan Raza, S. (2015). *Content-based image retrieval algorithms for marine species*. (Master Thesis), Multimedia University (MMU), Malaysia.

**Keyword:** Content-based image retrieval

**Call number:** ZA4575 A37 2015

Alaa Ahmed Abbas, A.-A. (2015). *Enhancement of dermoscopic images and feature extraction for classification of skin lesions*. (Ph.D Thesis), Multimedia University (MMU), Malaysia.

**Keyword:** Diagnostic imaging

**Call number:** RC78.7.D53 A43 2015

Amirpouyan, B. H. (2014). *Components and dimensions of successful strategic alliances for electronic businesses*. (Ph.D Thesis), Multimedia University (MMU), Malaysia.

Open source software has become more frequently used by many business and government organizations for example the Linux Operating System. So what makes open source solutions so increasingly popular?

Rather, free and open source software (FOSS) holds numerous other advantages for businesses. Below are six reasons why open source software can be good for your business.

#### **Security**

The security of the software used in any business is very crucial. It is used to protect, process and store your company's intellectual property. The nature of open source software has the code it comprises of visible to all. This means large open source projects are frequently reviewed by the community, allowing security vulnerability to be spotted and resolved quickly and effectively. Bugs in open source software also tend to get fixed immediately.

#### **Quality**

Open source is always about improving technology in real-time. With the industry's finest talent lending support. Over the years, the always-active open-source communities which are one of the primary reasons for the tech's success.

#### **Customizability and Flexibility**

With open source, business users can take a piece of open source software and tweak it to suit their needs. Since the code is open, it's simply a matter of modifying it to add the functionality they want. Along similar lines, service providers are able to customize their software to their needs, and the market's needs. This customization also helps companies to differentiate themselves from competitors.

#### **Interoperability**

If you don't want to be limited by proprietary data formats, open source software is definitely the way to go. Within this spirit of collaboration, interoperability can be much more effectively dealt with.

#### **Cost/ Freedom**

Open source sticks to a very non-commercial vibe, so most projects don't ask for fees. In the commercial world, vendors have control over the code and costs. In open source, the code is modified and to suit your needs and within your budget.

#### **Try Before You Buy**

Yes, you can do a pilot test as well for proprietary software. If you go for open source, unlimited functions and testing during test period is control of your own acceptance test. You can create different test unlikely proprietary software you have to follow their manuals.

## Serials/Database Highlights

### **Where can I get updates and latest notice/information on the library opening hours and such?**

New updates are available through the "Latest News" at the library portal. It lists all new updates such the opening hours during trimester break as well as library activities.

### **How can I become a library member?**

Library membership form is available at the library. You need to fill up the membership form to borrow books and use our services and facilities. Kindly contact the customer service department for further information on library membership.

### **How can I find a book in the library?**

Users can find books in our collection by using the LIBRARY sOPAC (Elite sOPAC). Key in the title/topic regarding to the books and click "Submit Search". Copy the information available under the "holding information" for your reference.

### **How do I hold books?**

Hold requests can be made by informing the library staffs via phone call or physically come to the library counter.

### **How about the overdue fines when I late return borrowed books?**

Late return fine charges will be calculated as per below tabulation on the first 30 days after the item is overdue. However on the 31st day, the fine charges will automatically described as RM 50.00 and the subsequent days of late return after day 31, another RM 0.50/day will be charged respectively for all items except reference which will be charged RM1.00/day.

### **Can I return borrowed books to any MMU library?**

Yes, you can return your borrowed books to any MMU libraries. Kindly inform the Library staff regarding to the status of the borrowed books.

### **What is Red-spot Collections? How many hours can I loan them?**

Red-spot collections comprises from textbooks and reference books. Only one item is allowed at a time to be loaned for a period of 2 hours, which is renewable if demand permits. Overnight loan is permitted from 9.00 p.m. onwards. Overnight loan must be returned before 10.00 a.m. the next day

**The MMU Library was established in 1996 when Universiti Telekom opened its first campus in Bukit Beruang Ayer Keroh, Melaka, Malaysia. The library which is situated at the Melaka campus was named University Telekom Library (UNITELE Library) and could only accommodate about 600 students during that time. The Multimedia University (MMU) Library was then moved to a new building in May 2000. In 1999, another MMU library was set up in Cyberjaya, Selangor, Malaysia and was given the name Siti Hasmah Digital Library. This library was launched on 24th July 2000 with the intention of it being first Academic University Digital Library for the nation.**
